B-BBEE Rating –

Qualifying small enterprise – Exempt micro enterprise (EME) Level 4.

Leading by example, the management team entrusts the same quality and honesty in service motto onto the employees in their day to day work.

UNDERSTANDING YOUR OBJECTIVES

LS West Africa (Pty) Ltd operates according to the strict procedures of the Lifting Machine and Lifting Tackle Regulations of the Occupational Health and Safety Act, Act 85 of 1993. The company is accompanied by a certified member of ECSA (Engineering Council of South Africa) and LEEASA (Lifting Equipment Engineering Association of South Africa) since 2016.

We operate with certified inspectors of Lifting Machinery in terms of the Engineering Profession Act, 2000 (Act No. 46 of 2000) and registered members of the Engineering Council of South Africa.

Our certified inspectors are all approved by The Department of Labour in terms of Driven Machinery Regulations 18(5) of the Occupational Health and Safety Act, 1993, examining and testing of lifting machines and lifting tackles.

We also comply with the accepted SANS specifications (previously known as South African Bureau of Standards specification) in supplying products and rendering their services to their clients according to appropriate technical standards. The main objective of the company is to render a professional, quality service but with the focus on the client's individual needs.

The pricing structure meets industry related costs and optimum services, and products can be delivered well within the client's budget. In an ever-changing market, we ensure that we have the expertise on-board and follow the highest standard quality procedures and work ethic.

An ongoing training and skills development program ensure that our work force is up to date with the latest trends, and they are qualified to do the job with high efficiency in the field.
